Dear FEC Representative,

I, Ryan Stephen Ehrenreich (FEC# P00011395), have now moved from a Democratic Primary Contender to an Independent Write-In Candidate (running with Dr. Veronica Ehrenreich as VP) for the 2020 U.S. Presidential Election to be held on Nov 3. For more info, please see my official statements on this matter:

We will continue to campaign largely on the need to reform our existing Social Security & TANF programs into a single Price Support for Labor that is BOTH means-tested AND only pays for hours NOT worked, out of a max of 40 per week per person. For more info, please see our campaign posts on this matter:

We will also campaign on the need to reform Medicaid & Medicare into a single system of Universal Coverage where lifetime expenditures are capped per person (with possibilities of extensions granted on a case-by-case basis), but where the benefits can be used at any point in one's life (i.e. usage is NOT constrained by age or wealth status). As we transition to focusing on the 2020 U.S. General Election, I am writing to you to confirm that our campaign (via the RYAN 4 PREZ Committee, FEC# C00703512) still has NOT exceeded the \$5000 threshold that triggers automatic reporting requirements to the FEC.

Furthermore, as we currently campaign via purely electronic means in direct Twitter & Facebook messages (i.e. we do NOT use advertising), we do NOT foresee exceeding this threshold over the remaining course of the 2020 U.S. General Election.

If for any reason this changes, we will keep you updated as required.

Thank you,
Ryan Stephen Ehrenreich, MBA
